

WVI00046

Metal mesh full face protection designed with a hexagonal weave pattern for higher light transmission and safety in low visibility conditions. Mesh provides increased airflow. Can be worn with corrective glasses. Requires KASK Easy Click Adapters and Visor Carrier.

Compatible with KASK Zenith X2 (Zenith X2 MAX included) and Primero helmet series.

CODE	MARKING
WVI00046	ANSI Z87

ADDITIONAL INFORMATION

GUARANTEE
3 years starting from the date of purchase.

LIFE SPAN
10 years starting from the date of manufacture. Life span depends on various factors that can cause deterioration such as sudden temperature changes, the amount of exposure to direct sunlight and the intensity of use. Altered vision and scratches are elements that signal the need to check for deterioration of the visor.

CLEANING
Clean only with water and mild soap. Allow to air dry. Do not use chemical detergents, solvents, petrol powders as they are too aggressive and could lower the structural resistance of the visor.
